Jails - Alipuram jail, Bellary - Acquisition of private land.

—

During his recent inspection of the Alipuram jail, Bellary, the Addl S.P. in charge of the jail dept. noticed that the land east of the Alipuram jail, where the road from the main gate to the outquarantine is being made belonged to a private person & that it is likely that the owner will object to the jail using this portion of his land. The Addl S.P. instructed the S.E., Bezwada circle, to submit proposals for acquiring the land under emergency provisions as the owner could stop all access to the jail if he wanted to. The C.E. is requested to state whether the S.E. has forwarded such proposals & if so, when they will be submitted to the Govt.

Bails - Alipuram jail, Bellary - Acquisition of private land

Copies of the Communications noted on the margin are forwarded to the D.G. of Prisons. The I.G. is requested to report why it is necessary to acquire 18.74 acres of land as well as why access to the jail cannot be had by acquiring a few cents needed for a road or pathway to the main gate of the jail. Even acquisition of a small portion does not seem necessary as the jail is only a temporary one, and it should be possible to lease a portion of the land from the owner for use as a pathway.

The D.G. is requested to offer his remarks and also to ascertain and report, in consultation with the Collector whether it is possible to lease a portion of the land from the owners temporarily. The Plan submitted by the P.W.D. is enclosed for reference.

Land acquisition - (Bellary) - Bellary taluk and town - S.No. 638-A/4 Part - For formation of approach roads etc. to Alipuram Jail - Draft notification and draft declaration - Submitted.

--

The Executive Engineer, Bellary Division, Bellary, has sent a requisition for the acquisition of S.No. 638 A/4 Part of Bellary for forming approach roads etc. to the Alipuram Jail. The site has been inspected by the Adviser to the Governor. A copy of Memorandum No. 4126-C-2 dated 22-2-1941 from the Government of Madras to the Superintending Engineer, Bezwada Circle is enclosed. The site preposed for acquisition belongs to private persons. The draft notification under Section 4 (1) and the draft declaration under Section 6 of the Land Acquisition Act in English and Kannada are submitted herewith for approval and publication in the official gazettes. As the Government have directed in their Memorandum cited above that the land cannot be acquired under emergency provisions, the urgency clause under Section 17 of the Act has been retained in them. There are no tombs or grave yards or other religious buildings on the site. In S.No. 638-14, there is a great Trigonometrical station and a bell stand of the Garrison church. As the extents occupied by them are too small and cannot separately be measured and mapped, the Land Acquisition Officer, has proposed to show them as topo details.

2. The Executive Engineer, has stated that provision has actually been made in the budget for 1941-42 for the cost of acquisition.

1/ The Collector of Bellary states that the owner of the land in question is willing to lease out the entire extent only for a period of three years at Rs. 16-8-0 per acre per year. The owner states that if a portion in the middle is leased out the bits left on either sides would be rendered useless. Under the circumstances the entire land will have to be leased and not a portion of it.

Statement of Mr. M. Youmuś Sait S/o M.Zakriah
Sait. Contonment Bellary

I am the owner of land in front of Alipuram Jail. The land was under acquisition porposals and I had consented to give it out at Rs. 37/- per acre i.e. for the value I purchased it. Now that it is said that the Government wants a portion of it ~~x~~ on lease for some years. In this connection I submit that as the land lies within Municipal Limits I would be liable to pay to Government ground rent at Rs. 6-4-0 per acre except in the years I do not use it for agricultural purposes. In addition to this property tax to Municipality at Rs. 2/- or 20 per acre. On the whole taxes due on the land would be Rs. 8.4.0 per acre. . My own grievances are that.If I give out a portion in the middle of my land on lease, the bits on either side of it would be useless for making further developments of any type. I therefore submit I have no objection to lease out my whole land for a period of three years provided if I am given two times the ground rent and taxes due from me to Government and Municipality. That is Rs.16-8-0 per acre per year. The date of commencement of the lease period should be from the date of their entry into my land.

The attention of the collector of Bellary is invited to his letter No. Rf. C. 3554/41-A7 dt 26.8.41 to the Supdt. of the Alipuram jail, Bellary. The owner of the land in question has stated that acquisition or ~~even~~ lease of a small portion in the middle of his land needed for a road to the main gate of the jail would render the rest of the land useless. ~~Prima facie the contention is an absurd one and it looks as if~~ the owner is trying to make as much ~~as he can~~. Ref.-C.No.3554/41-A7. dated 16-11-41.

Sir,

Sub.- Jails - Alipuram Jail, Bellary - Acquisition of private land.

Ref.- Government Memorandum No.4126-C.7. Home, dated 23rd September 1941.

I had the land inspected by the Revenue Divisional Officer, Bellary, on 24-10-41. He reported on 3-11-41 that the jail authorities have been using a portion of the land in front of the jail as a road and another bit of land by the side of the road near -- the main entrance for cows to be tied up and milked and that while repairing the jail, debris of the old buildings was thrown all over the land. The Revenue Divisional Officer recommended the acquisition of the whole land on the ground that the rest of the land would not be big enough for cultivation. ~~Thereupn~~ I was not satisfied with his recommendation and inspected the land on 14-11-41. There are two separate areas covered by debris, which cannot altogether be much more than an acre in extent. The land required for the road to the jail will be about 30 cents. There is a largish area to the -- North quite free of debris. I do not, therefore, agree with the Reveneue Divisional Officer, Bellary, and the owner of the land , that the acquisition of the portion now being used for a road and the bit of land used as a cattle stand would render the rest of the land useless. The contention that it would cost a lot of money to remove the debris is unsound.

2. The land, which is dry and rather poor in quality, was left fallow till February 1940, when it was sold to Khairunnissa Begum Saheba by the Military Department. She cultivated about 8 acres of it in 1940. She, in her turn, sold it to the present owner in December last and he has not cultivated any portion of the land so far.

35

3. The rent of the whole area is estimated by the -- Tahsildar, Bellary, and the village officers at Rs.12-13-0 an acre. The rent fixed by the Tahsildar is reasonable if it is decided to take the whole area on lease.

3. The Superintending Engr. has in his inspection note dated 3.2.41 made certain suggestions. One of these relates to the purchase of a well to augment the water supply for bathing and cleaning. The Adviser has not passed specific orders on these. For orders whether the S.E. may be asked to report the name of the owner of the well, its boundaries etc. the amount of price that may have to be paid for, if it is to be acquired, and the compensation that may have to be given if it is temporarily requisitioned - vide rules 76 and 79 of the Defence of India Rules.

* *

P.V.J./7.2.41.

Rule 79 cannot be used as it will be difficult to hold that the measure is necessary for securing the Defence of India. The well could however be requisitioned under rule 76. This would be preferable to acquisition.

P.M.J./8.2.41.

Public (War) Dept.

The proposal is to requisition a well for the use of the Plassey Barracks Internment Camp. This Dept. may agree with Home that Rule 76 seems to be appropriate for the purpose than rule 79. Home Dept may also be requested to consult the Legal Dept. in the matter.

2. Payment of compensation is governed by rule 96 of the D.O.I. Rules. In default of agreement

between the parties concerned as to the amount of compensation, the procedure laid down in G.O. No. 1905, Public, dated 3.11.39 will apply. The file may be returned to the Home Department.

...
10.2.41.

Rule 76 relates to buildings and rule 79 to land. The object of the acquisition is a well and it might be better to proceed under both rules - 76 for the well structure and 79 for the land in which it stands. This may be returned to Home through Legal for remarks.

The expression 'premises' appears to be used in Rule 76 of the Defence of India Rules in a very wide sense and to cover everything which cannot be said to be 'land'. A well will fall within the scope of the expression 'premises'. It does not seem to be necessary to separate the well-structure from the land in which it stands, and use Rule 76 in respect of the former and Rule 79 in respect of the latter. The entire well may be requisitioned under Rule 76.

Please see the C. E's letter on P 6—8 C.F. It will be seen from the Exe. Engineer's letter ~~that~~ on p 7 CF that the question of acquisition is under correspondence between the PW. D & Revenue. The total area to be alienated or acquired is 18.74 acres. Nothing is said about the value of the land and the Compensation can ~~not~~ be awarded at the rates under the L. A Act. The plan of the land proposed to be acquired is at (Z).

Further progress report may be awaited for a month.

PM min 18.4.41.

It is not clear why as much as 18.74 acres have to be acquired. Access to the jail can be had by acquiring a portion for a road or path

is the main gate from the Bellary road shown on the plan at (2)

23/4

S

I think U.S. has got this wrong. Pl. see col.7,p.8 C.F.,which shows that all except 30 cents is either "garrison church"(which need not be acquired or "village poramboke",and the P.W.D. say "alienated or acquired"; almost the whole can be alienated by the Rev. Dptmt. and the cost of the 30 cents should be small. If it is necessary for Home to take up the alienation,we should do so at once;but perhaps the P.W.D. are moving the Collr.

23.4.41.

Further note:-- I've just talked to Adv.4 on this. He says he was assured it was private land that had been sold by the mily. authorities to a private buy--er--though he thinks it was probably not a rev. of--ficer but the P.W.D, or Supt. who told him so. Had we not better make sure of this,by ref. to the Collr.? The P.W.D. in their present report may be quoting out-of-date rev.records and we don't want to be landed with unnecessary acqn. because of a mis--take; I think Bellary land dealings have been a bit complicated owing to G. of India's interests.

Please see the form of requisition on p 8 CF, the note of the U.S and the deed on pp 2–3 and the Collector's letter on pp 11–15 CF. The extent of the lands proposed for acquisition is 18.74 acres (exclusive of the garrison church premises to be alienated) and their classification is 'village site'. Ownership is vested in two private individuals. The value & Compensation that should be paid to the owners for all the 18.74 acres will not be much. It may be considered whether it is necessary to acquire all these lands for the purpose of having access to the jail. The lands proposed to be acquired are shown in the plan at (Z). The further report promised by the Collr in the concluding sentence of his letter on p 12 CF may perhaps be awaited for 3 weeks.

Please see the U.S.'s note on p 4 ante, the memo. to the I.G. on p 17 C.F. and his reply on p 31

para 1 on p 8 cf — Re I.G. considers that, in the circumstances stated by the owner of the land ~~reported~~ on p 32 C.F. the entire land will have to

leased and not a portion of it. It does not apparently think that it is necessary to acquire the land.

3. The extent of the land proposed for acquisition is 18.74 acres. In the circumstances reported on p 32 CF, the owner of the land in front of the Alipuram jail is willing to lease out the entire extent for a period of three years at the rate of Rs. 16-8-0 per acre per year. The amount comes to Rs. 927.63. The rate at which the owner had consented to sell the land is Rs. 37 per acre, which is reported to be the rate at which the plot was purchased: the D.M. has reported that the owner purchased the land from military authorities at the rate of Rs. 5 per acre. The cost of 18.74 acres at the rate of Rs. 37/- per acres comes to Rs. 693.38. The difference between the cost of the land and the expenditure on account of lease for 3 years is only Rs. 234.25.

3. The draft notification and declaration under the Land Acquisition Act, for the purchase of the whole plot, are on pp 20-24 CF. ~~The owner of the land is not willing to lease only a portion of the land, as the portion left out will be rendered useless.~~ Within the period of lease of 3 years, it is likely that conditions may come to normal and there may not be any necessity for the Alipuram jail. In view of A above, it is for orders whether the entire site should be purchased or taken on lease for three years.

Finance and Rev. may see.

15.9.41.

16.9.41.

Ask the Collector to report whether the owner's intention is at requisition or even lease of a small portion in the middle of his lands for an approach road would render the usage rate of the land useless, is a veiled one Prima facie the contention is an absurd one, and it looks as the owner is trying to make as much as he can. Ask the Collector to report also whether the owner has ever cultivated the land & to report on a reasonable rent per acre per year.

2 The alternative would be to requisition as much as we want under the D.R. Act, or to acquire only a few units for the railway

Please see the reply from the Collector of Bellary to the memo. at p 33 C.F. based on para 1 of U.S's note at p 7 ante. The Collector does not accept the contention of the owner of the land that the acquisition of a small portion in the middle of his lands needed for a road to the main gate of the jail would render the rest of the land useless. It is reported that the owner of the land has not cultivated any portion of the land so far and that a rent of Rs. 12-13-0 per acre is reasonable, provided that it is decided to take the whole area on lease. The total extent of the lands is 18.74 acres. The expenditure on account of lease for a period of three years amounts to Rs. 720-5-11.

2. Attention is invited to para 2 of U.S's note at p 7 ante. The land required for the road to the jail will be about 30 cents. For orders whether a portion of the land may be requisitioned under rule 79 of the Defence of India rules. Payment of compensation is governed by rule 96 of those rules.

3. The file may be sent to Finance, Public and Legal for remarks.

I don't think we can use the rule 79 of the D of I Rules as for cannot say that the land

19.11.41

is required for the purposes specified in the rule. As the owner is living immediately dead would lease a portion only, we may acquire under the urgency provisions, the 30 cents required for a pathway. It is absurd to stick to leaving 18 acres merely because the owner would let us have 30 cents.

Home Dept.

This file relates to the acquisition of land for the formation of an approach road to the Alipuram jail, Bellary. At present, the land outside the main gate and quarantine belongs to a private individual and there is the fear of the owner stopping all access to the jail. Some land is also required for building a shed for visitors, also as a place for milking cows and as a parade ground for warders. Anplan. p39 CF

2 Please see the memo on pages 2 and 9 and the Collector's letter on pages 11-12 CF. The Collector first submitted proposals for the acquisition of 18.74 acres of private land. It was considered by the Govt that it was unnecessary to acquire such a large extent - vide memo on p17 CF & p # 38 CF. p11 CF

3 The Collector has now submitted proposals for the acquisition of 2 acres of land, in connection with the Jail Dept. - p39 CF. The proposals have been approved by the Board of Revenue and the D.G of Prisons. pp51-53CF

4 It is proposed to acquire the land under the emergency provisions of the L.A. Act. The draft notification under Sec 4 of the Act is on p41 CF. The declaration under Sec 6 of the Act is on p47 CF. The Board has recommended that the notification and the declaration may be approved and published in the gazettes. p51 CF

Rev. Deptt.

Please see the Home note on p. 13 supra and D.S's note in pencil on that page. When the Collector of Bellary previously submitted draft notifications under the L.A. Act for the acquisition of 18.74 acres in S. No. ~~678~~ 638 A/4 (part) of Bellary, he stated on the site proposed for acquisition, that there were no tombs, graveyards and other religious buildings except for a Trignometrical Station and a bell Stand – Vide 'A' on p. 19 C.F. It is now proposed to acquire an extent of only 2 acres in S. No. ~~678~~ 638 A/4 (part). It is not known whether this extent contains the Trignometrical Station and the bell Stand referred to above. Even if it is so, ~~the Bd considers that it does not deem~~ that these structures ~~need not be~~ be deemed to be buildings for the purpose of the urgency provisions of the L.A. Act, as they are not proposed to be interfered with – Vide in this connection para 2 of the Board's Rept at p. 18 C.F. ~~In order whether the Board's view will be accepted~~

This seems unnecessary as no one is likely to contest the proceedings

2. It is incidentally noted that the draft declaration in Telugu at pp 43-46 C.F. does not contain the urgency clause corresponding to the one at 'A' on p. 47 C.F. in the draft declaration in English. Home Dept may be requested to have this remark defect remedied before ordering the publication of the notifications.
